EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech. (L.E.)	Maharaja Surajmal Institute of Technology	8.62 (Current)	2025–Present
Diploma (C.S.E.)	Ambedkar DSEU Campus-I	9.26	2022–2025
Senior Secondary	CBSE Board	70%	2022
Secondary	CBSE Board	79.33%	2020

PROJECTS

- **Personal Portfolio Website** June 2024 – July 2024
Tech Mahindra Foundation – Advanced IT & Professional Skills Internship
– Built a responsive portfolio website using **React.js**, **HTML5**, **CSS3**, and **JavaScript**.
– Showcased technical skills, internship projects, certifications, and contact information.
– Deployed the website on **Vercel** with responsive design and smooth user experience.
- **Skin Cancer Detection using YOLOv5 and CNN** June 2024 – August 2024
Artificial Intelligence & Machine Learning Internship – NSUT
– Developed an AI-based skin cancer detection model using **YOLOv5** and **CNN**.
– Trained and evaluated the model on a dataset of over **33,000 medical images**.
– Authored and submitted a research paper under the guidance of NSUT faculty members.
- **Car Object Detection using YOLOv5** July 2024 – September 2024
Python Development Internship – Upskill Campus
– Built a real-time vehicle detection system using the **YOLOv5** object detection framework in Python.
– Performed image preprocessing, inference, and bounding-box visualization using OpenCV.
– Demonstrated accurate detection of cars from images and video streams using a trained YOLOv8 model.
- **Tic-Tac-Toe Game** 2025
Personal Project
– Developed a responsive **Tic-Tac-Toe** game using **HTML5**, **CSS3**, and **JavaScript**.
– Implemented two-player gameplay with alternating turns, winner/draw detection, game reset, and dynamic result validation. Designed a responsive and interactive user interface for seamless gameplay across desktop and mobile devices.

ACHIEVEMENTS

- **Academic Performance:** Graduated with a **9.26 CGPA** in Diploma (C.S.E.), securing a place among the **Top 10 students** in the CSE department at Ambedkar DSEU Shakarpur Campus-I. 2025
- **IPU LEET 2025:** Secured **AIR 206** in the IPU LEET Examination and earned admission to **B.Tech CSE at Maharaja Surajmal Institute of Technology (MSIT)** through Spot Round Counselling. 2025
- **Research Publication:** Authored and submitted a research paper on **Skin Cancer Detection using YOLOv5 and CNN** under the guidance of NSUT faculty during an AI & ML internship. 2024
- **Professional Certifications:** Certified in **Advanced IT & Professional Skills**, **Artificial Intelligence & Machine Learning**, and **Python Development** from **Tech Mahindra Foundation**, **NSUT**, and **Upskill Campus**, respectively. 2024
- **Professional Certifications:**
- **Codeforces** : Maximum Rating - **817** | Newbie | Solved **10+** problems | Handle - *Saksham9934*
– Codeforces Round 991 (Div. 3) : Gained **+52 rating**, achieving a **maximum rating of 817** with a contest rank of **16,482**.
- **LeetCode**: Maximum Contest Rating - **1691** | Solved **273+** Problems | Handle - *Saksham3027*
– Solved **273+** problems (**110 Easy**, **134 Medium**, **29 Hard**).
– Achieved a maximum contest rating of **1691** in LeetCode Weekly Contests.

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Python
- **Web Technologies:** HTML5, CSS3, JavaScript, React.js
- **Backend:** Python
- **Database:** MySQL, XAMPP Server
- **Libraries/Frameworks:** OpenCV, YOLOv5
- **Tools & Concepts:** VS Code, DSA, DBMS, OOP

KEY COURSES TAKEN

- **Computer Science:** Algorithms and Data Structures (Theory and Lab[†]), Design and Analysis of Algorithms, Database Management (Theory[†] and Lab[†]), Hardware Lab, Computer Organization and Architecture[†] † Awarded AA grade (9/10)

EXTRACURRICULARS

- **Technical Learning:** Completed internships in **Advanced IT**, **Artificial Intelligence & Machine Learning**, and **Python Development**, gaining hands-on industry experience.
- **Competitive Programming:** Actively practice Data Structures and Algorithms through coding contests on **LeetCode** and **Codeforces**, while developing personal software projects.
