EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech. (L.E.)	Maharaja Surajmal Institute of Technology	8.62 (Current)	2025–Present
Diploma (C.S.E.)	Ambedkar DSEU Campus-I	9.26	2022–2025
Senior Secondary	CBSE Board	70%	2022
Secondary	CBSE Board	79.33%	2020

EXPERIENCE

1.) DR. A. V. Baliga Memorial Trust – TMF SMART Centre Advanced IT & Professional Skills Intern June 2024 – July 2024

- Built a personal **Portfolio Website** using **React.js**, **HTML5**, **CSS3**, and JavaScript to showcase projects and technical skills.
- Optimized UI for responsiveness across desktop, tablet, and mobile devices.
- **Portfolio:** Portfolio Website
- **Offer Letter:** Offer Letter
- **Certificate:** Internship Certificate

2.) Netaji Subhas University of Technology : – Artificial Intelligence & Machine Learning Intern June 2024 – August 2024

- Developed a **Skin Cancer Detection** system using **YOLOv5** and **CNN** models on a dataset of over **33,000 images**.
- Performed data preprocessing, model training, evaluation, and performance optimization.
- Co-authored and submitted a research paper under the guidance of NSUT faculty members.
- **Offer Letter:** Offer Letter
- **Certificate:** Internship Certificate

3.) Upskill Campus Remote Python Development Intern July 2024 – September 2024

- Developed an object detection system using the **YOLOv5** deep learning model.
- Built a real-time **Car Object Detection** application using Python and Computer Vision techniques.
- Worked with Python libraries including OpenCV and Ultralytics YOLO.
- **Offer Letter:** Offer Letter
- **Certificate:** Internship Certificate

4.) StaplerLabs – ShopVerse Full Stack Developer Intern June 2026 – July 2026

- Developing and maintaining scalable full-stack web applications using **Next.js**, **TypeScript**, and modern web technologies.
- Building responsive frontend interfaces and implementing backend functionality with **Supabase** for database management.
- Independently designed and deployed **ShopVerse**, a full-stack e-commerce platform (MERN stack) featuring JWT authentication, Razorpay payment verification, and Cloudinary image uploads.
- Contributing to client project delivery by developing new features, fixing bugs, and optimizing application performance.
- Collaborating with the founding team on API integrations, automation workflows, and end-to-end feature development.
- **Offer Letter:** Offer Letter
- **Certificate:** Internship Certificate

PROJECTS

• Personal Portfolio Website

Tech Mahindra Foundation – Advanced IT & Professional Skills Internship

June 2024 – July 2024

Portfolio

- Built a responsive portfolio website using **React.js**, **HTML5**, **CSS3**, and **JavaScript**.
- Showcased technical skills, internship projects, certifications, and contact information.
- Deployed the website on **Vercel** with responsive design and smooth user experience.

• Skin Cancer Detection using YOLOv5 and CNN

Artificial Intelligence & Machine Learning Internship – NSUT

June 2024 – August 2024

GitHub

- Developed an AI-based skin cancer detection model using **YOLOv5** and **CNN**.
- Trained and evaluated the model on a dataset of over **33,000 medical images**.
- Authored and submitted a research paper under the guidance of NSUT faculty members.

• Car Object Detection using YOLOv5

Python Development Internship – Upskill Campus

July 2024 – September 2024

GitHub

- Built a real-time vehicle detection system using the **YOLOv5** object detection framework in Python.
- Performed image preprocessing, inference, and bounding-box visualization using OpenCV.
- Demonstrated accurate detection of cars from images and video streams using a trained YOLOv8 model.

• ShopVerse

Full Stack Development Project

2026

GitHub | Live Demo

- Developed a full-stack **e-commerce web application** using the **MERN stack** (**MongoDB**, **Express.js**, **React**, **Node.js**).
- Implemented **JWT-based authentication**, a **Redux Toolkit**-powered shopping cart and checkout flow, **Razorpay** payment integration with server-side signature verification, **Cloudinary** image uploads, and a role-based admin dashboard for managing products, orders, and users. Deployed to production on **Render** with a **MongoDB Atlas** database.

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Python
 - **Web Technologies:** HTML5, CSS3, JavaScript, React.js
 - **Backend:** Python
- **Database:** MySQL, XAMPP Server
 - **Libraries/Frameworks:** OpenCV, YOLOv5
 - **Tools & Concepts:** VS Code, DSA, DBMS, OOP

KEY COURSES TAKEN

- **Core Computer Science:**Programming for Problem Solving (C), Object-Oriented Programming (C++), Data Structures & Algorithms, Computer Organization & Architecture, Operating Systems, Database Management Systems (DBMS), Computer Networks, Software Engineering, Design & Analysis of Algorithms, Theory of Computation, Compiler Design, Computer Graphics, Python Programming.
- **Mathematics:**Calculus, Linear Algebra, Discrete Mathematics, Probability & Statistics, Numerical Methods.

CERTIFICATIONS

- **Advanced IT & Professional Skills** DR. A. V. Baliga Memorial Trust – TMF SMART Centre
- **Artificial Intelligence & Machine Learning** Netaji Subhas University of Technology (NSUT)
- **Python Development Internship** Upskill Campus
- **Winter Consulting 2024: Management Consulting Bootcamp** Consulting & Analytics Club, IIT Guwahati
- **Strategy Storm 2025 – Round 2 Qualifier** Consulting & Analytics Club, IIT Guwahati
- **Software Development Internship** StaplerLabs

ACHIEVEMENTS

- Graduated with a **9.26 CGPA** in Diploma (Computer Science & Engineering), securing a position among the **Top 10 students** in the CSE Department at Ambedkar DSEU Shakarpur Campus-I. 2025
- Secured **AIR 206** in the **IPU LEET 2025** examination and earned admission to **B.Tech CSE** at **Maharaja Surajmal Institute of Technology (MSIT)**. 2025
- Authored and submitted a research paper on **Skin Cancer Detection using YOLOv5 and CNN** under the mentorship of NSUT faculty during an AI & ML internship. 2024
- Qualified for **Round 2** of **Strategy Storm 2025**, a Global Business Case Competition organized by the **Consulting & Analytics Club, IIT Guwahati**. 2025
- Achieved a **maximum Codeforces rating of 817 (Newbie)**, solved **10+ problems**, and gained **+52 rating** in Codeforces Round 991 (Div. 3). Ongoing
